AROTUBI PL

Accessibility Statement

Statement

Aro Tubi Components Poland is committed to ensuring accessibility for all, in accordance with Directive (EU) 2019/882 of The European Parliament And Of The Council of 17 April 2019 on the accessibility requirements for products and services.

We aim to continually improve the experience for everyone by applying the relevant accessibility standards and acting on feedback from users.

We have considered accessibility in the development of this site by adding features which are compatible with assistive technologies.

Conformance status

This web site is partially conformant with Web Content Accessibility Guidelines (WCAG) 2.1 Level AA.
Partially conformant means that some features or some parts of the content do not fully conform to the accessibility standard, because of the non-conformities detailed below.

Limitations

Despite our best efforts to ensure accessibility of our site, there may be some limitations, including:

- ....

Ongoing monitoring

This statement was drafted on MM/DD/YYYY

We are striving to improve accessibility by taking measures such as:

- ongoing remediation efforts to address accessibility barriers;
- partnering with an external accessibility agency for assessments;
- regular accessibility testing and scanning of our site.

We will continue to consider accessibility when developing new features, run periodic audits to assess our site against applicable accessibility standards and integrate feedback from users into ongoing improvements.

Feedback
